Signature

CLIFFORD J. MASS

(type or print name of person certifying)

***WARNING:** Each paper or fee filed by "Express Mail" **must** have the number of the "Express Mail" mailing label placed thereon prior to mailing. 37 C.F.R. 1.10(b).

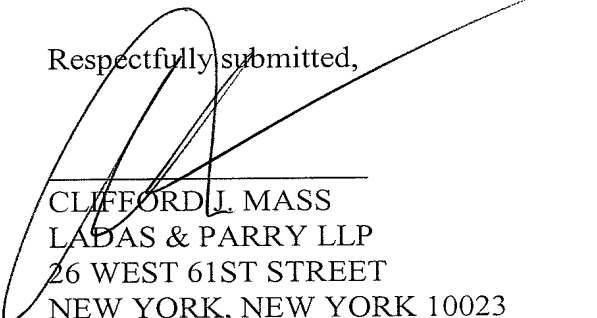

"Since the filing of correspondence under § 1.10 without the Express Mail mailing label thereon is an oversight that can be avoided by the exercise of reasonable care, requests for waiver of this requirement will **not** be granted on petition." Notice of Oct. 24, 1996, 60 Fed. Reg. 56,439, at 56,442.

(A) Applicants have elected the amino acid sequence of SEQ ID NO: 10, and nucleic acid sequences SEQ ID NO: 7 and SEQ ID NO: 9 encode one and the same protein such that the nucleic acid sequences should both be examined in this application. Nevertheless, if election of a single nucleic acid sequence were required, Applicants elect SEQ ID NO: 9; and

(B) All claims of record read on the elected species.

Applicants again respectfully request an early examination on the merits of at least the elected claims.

Respectfully submitted,

CLIFFORD J. MASS
